SATURDAY, JUNE 23, 1900.

Sold Again.

The \$40,000 issue of High School
bonds were sold yesterday to the New
First National Bank of Columbus, at
their bid, which was second in the list
when the bids were opened. Rudolph
Kleybolte & Co., of Cincinnati, were
the highest bidder.

Several weeks ago the bonds were
sold to Kleybolte & Co., but soon af-
terward a letter was received from
that firm, saying that there was an
error in the tickets as voted, and they
had reconsidered the matter and re-
fused to take the bonds.

Since that time Clerk Meisenholder
has corresponded with the New First
National Bank of Columbus, with the
result that the bonds were sold to
them yesterday, their bid being only
\$29 less than that of Kleybolte & Co.

It is best to state that a careful ex-
amination of this issue of bonds was
made by the City Solicitor and the
bonds were pronounced all right and
there was no reason, so far as the
bonds themselves were concerned, why
Kleybolte & Co. did not accept them.
Their refusal caused the Board of Ed-
ucation considerable trouble and in-
convenience.

"The Wakefield."

The new hotel which is projected by
Mrs. Dye and her son, Mr. Charles
Ward, at the corner of Third and Put-
nam streets, is to be euphonically
called "The Wakefield."

Work on the new property is to
commence at once—the old frame
building having been torn down and
taken away. Mr. George Foreman has
the contract for the brickwork which
on the two street front will be of the
red pressed variety, and will be trim-
med with stone.

When completed the Wakefield will
contain about forty rooms, and it will
be fitted with every convenience,
including steam heat. It will be con-
ducted on regular hotel lines.

The new part—that in project—will
be 52 by 53 feet over all, and will be
three stories high with a basement
beneath. It is expected that the im-
provement will be finished in October.

A Successful Method.

The tank in which is building 'the
pivot point for the new bridge is pro-
viding a highly successful method of do-
ing the submarine portion of the pier
construction. The tank is absolutely
water-tight, and is now resting with
its load on the piling base prepared
for it.

The stone work which is being car-
ried up within the tank is proceeding
rapidly and will be quickly brought
to completion. This pier is by far the
largest piece of masonry connected
with the bridge work, although it will
not be as high as the other piers by
four feet.

Boys Arrested.

Three boys who evidently have not
gone to the trouble and expense of
providing themselves with bathing
suits, were found in swimming in the
Ohio river between Third and Fourth
streets, yesterday afternoon. Un-
luckily for the boys, Officer Coffman
discovered them and put them under
arrest. They were given time to dress
and were then taken to the City Hall,
but were released until this afternoon
at 2 o'clock, the Mayor being out of
town. The boys names are Arthur
Dennis, William Porter and Forest
Hopp.

Prominent Citizen Dead.

Word was received by relatives in
the city yesterday that Mr. W. W.
Johnston, a well known citizen of
Broadwell, was dead.

His death occurred at 11 o'clock yester-
day and was due indirectly to a
gunshot wound in the head, received
at the battle of Shiloh during the Civil
war. Mr. Johnston was about 55
years of age and leaves a wife and five
children, three of whom live at home.
Mr. W. C. Frost, of this city, is a
nephew of Mr. Johnston.

Stole Jewelry.

Some time ago some jewelry was
stolen from Mrs. Mary Watson, who lives
on Post street, and there was no clue
to lead to the discovery of the thief.
Yesterday, however, Officer Coffman
located the stuff and arrested the thief.
The stolen goods were returned to
their owner, who refused to prosecute
the case and the thief, a girl, was re-
leased.

Marietta Wins.

The base ball team of the Marietta
High School went to Parkersburg yester-
day afternoon and crossed bats with
the Parkersburg High School boys.
The game was played at City Park and
the Marietta boys had the best of it
from the start. They won out by a
score of 11 to 3. A return game will
be played.

Enjoyable Excursion.

In spite of the threatening weather
last evening the members of the Amer-
ican Insurance Union and their
friends left on the steamer Sonoma for
Newport on an excursion trip. The
Marietta band accompanied the party.
They spent a very enjoyable evening
and returned to the city about mid-
night.

THE FOURTH.

Committees Hard at Work Prepar-
ing for the Big Celebration.

The work of preparing for the mam-
moth celebration on the Fourth of
July is progressing rapidly and every
indication points to the complete suc-
cess of the big undertaking. While
no program has yet been made up for
the big day, the committees are all
working to a general plan, the list of
attractions secured is now very large
and it will not be long until the pro-
gram will be ready.

The first and perhaps the greatest
event of the day will be the grand cy-
cle and military parade, in which all of
the organized bodies in the city have
been invited to take part. Many have
already accepted the invitation ex-
tended and are making great prepara-
tions to make a good showing.

Among the organizations which will
furnish music for the parade are the
famous Bauer's band, of Zanesville,
which has won praise in many a no-
table state gathering; the McConnel-
ville and Cambridge bands, both wide-
ly known, and our own Marietta band,
which is too well known to require
comment. Other bands, drum corps,
etc., will assist in the musical demon-
strations, which are always an im-
portant part of a Fourth of July cele-
bration.

Among local military bodies that
will appear are the Sons of Veterans,
Company B, Seventh Regiment O. N. G.
and High School Cadets, all of
whom will be uniformed and armed.
Labor organizations, secret orders and
other societies will swell the number
of participants to hundreds, and these
with the usual additional attractions,
will make the parade a grand and im-
posing spectacle. Mr. C. R. Stevens
has been appointed as Grand Marshal
of the day and he will announce his
aides later.

The afternoon will be devoted to
sports and amusements of various
kinds. Competitive drills by military
bodies are being arranged for, the Ma-
rietta fire department will make an
exhibition run, the bands will give con-
certs in the parks and other public
places, races and sports of various
kinds on the river will take place and
numberless other attractions have
been secured to furnish amusement
during every hour of the day.

The famous Keyes Brothers, aeron-
auts, will make two balloon ascensions
one in the afternoon, the other in the
evening. During the latter ascension
a display of fireworks will be given
from the balloon, a spectacle never be-
fore witnessed in Marietta.

A bicycle parade in which every
cyclist is invited to take part, will
take place in the afternoon, and the
one who has the best make-up will re-
ceive a prize to be awarded by R. E.
Race, of the Big Four Cycle Co.

A grand display of fireworks will be
given at night, which will eclipse any
previous pyrotechnic exhibition in Ma-
rietta.

Every effort will be made looking to
the comfort of the visitors in the city
on that day, and providing for their
enjoyment. Marietta is well supplied
with good hotels and restaurants
which are capable of handling large
crowds and all who desire can be ac-
commodated on the Fourth.

The railroads and steamboats will
make special rates for the occasion
and it is expected that the crowds will
outnumber those of last year's celebra-
tion.

Another meeting of the Citizens'
Organization will be held in the office
of Bricker Charles R. Richardson next
Monday evening to complete arrange-
ments and every member of every
committee is requested to be present.

A blessing alike to young and old;
Dr. Fowler's extract of Wild Strawberry;
nature's specific for dysentery,
diarrhoea and summer complaint.

Will Go To Zanesville.

The Modern Woodmen of Zanesville
are preparing for a big time on the
evening of Tuesday, June 26. A class
of two hundred will be initiated and
teams from all parts of the state have
been invited to participate in the cere-
monies.

The local Woodmen are making ar-
rangements to attend and the uniformed
team will be sure to go. Beside
these there will be a number of others
and if possible the band will be taken.
The O. & L. K. have made a rate of
\$1.00 for the round trip.

It's a mistake to imagine that it-
ching piles can't be cured; a mistake to
suffer a day longer than you can help.
Doan's Ointment brings instant relief
and permanent cure. At any drug

Real Estate Sale.

Mr. S. A. Coffman reports the sale
of the A. R. Babb property on Pon-
tastic street, West Side, to C. C. Middle-
ward. Consideration, \$11,300. The lot
is 60 by 180 feet and the house is a
six room frame structure. The pur-
chaser will rent the property.

Beware of Ointments for Catarrh that
Contain Mercury

as mercury will surely destroy the
sense of smell and completely derange
the whole system when entering it
through the mucous surfaces. Such
articles should never be used except
on prescriptions from reputable phy-
sicians, as the damage they will do is
ten fold to the good you can possibly
derive from them. Hall's Catarrh
Cure, manufactured by F. J. Cheney
& Co., Toledo, O., contains no mer-
cury and is taken internally, acting
directly upon the blood and mucous
surfaces of the system. In buying
Hall's Catarrh Cure be sure you get
the genuine. It is taken internally,
and made in Toledo, Ohio, by F. J.
Cheney & Co. Testimonials free.

When you dream
that somebody is
pushing you over a
precipice it's time

you looked after your stomach and liver.
You may not believe in dreams but that
particular sort of dream is likely to come
pretty near true if you
don't take prompt mea-
sures to prevent it.

If you neglect the warning
you may find
that you are actu-
ally pushing
yourself over
the precipice of
disease into the
abyss of death.

Don't forget
that your heart
and lungs and
brain and
nerves are sup-
plied with blood
and nutrient
through your stomach,
liver and bowels.

If they do not do their
work properly—the
blood is full of
poisonous matter your whole body will
soon be full of impurity and disease, and
it is small wonder you dream of disaster.

Dr. Pierce's Golden Medical Discovery
purifies and enriches the blood. It
cleanses the whole digestive system and
is an antidote for poison in the blood.
It is a blood-maker and flesh-bringer
and is good for the nerves. It brings restful
sleep and a clear head. It contains no
alcohol, whisky, sugar, syrup, or dan-
gerous opiates.

"I used Dr. Pierce's Golden Medical Discovery
and Pleasant Pellets and have had no trouble
with indigestion since," writes W. T.
Thompson, of Townsend, Broadwater Co., Mon-
tana. "Words fail to tell how thankful I am
for the relief I have suffered so much and it
seemed that the doctors could do me no good. I
was in great pain in my stomach, and was not
able to work. Now I weigh nearly 150 and can
do a day's work on the farm."

Sixth Ohio National Guard

Encampment.

The Sixth Ohio National Guard,
from northwestern Ohio, are selecting
a city in which to hold their annual
encampment. This regiment is com-
posed of twelve full companies. Many
of its members were in the Spanish-
American war. Several other cities
are bidding for them. There are cer-
tain expenses necessary in an en-
campment of this kind which the
state is not authorized to provide for.
In order to secure this regiment for
our city it will be necessary to raise
\$700. Basing on past experience, from
\$10,000 to \$12,000 will be expended in
the city where the encampment is
made. Citizens should have no hesi-
tancy in subscribing the amount nec-
essary. Citizens from the surround-
ing country and towns, located on the
lines of railroads entering here, will
be coming and going continually to see
the drills, etc. Col. Knox has this
matter in charge, and it is believed
that when called upon our citizens
will respond liberally and secure this
encampment. Whatever is done will
have to be done quickly, as the mat-
ter will be decided in a few days.

Accounts for High Price of

Horses.

No wonder horses bring good prices,
whether they are thoroughbreds or
plain every day hacks. In South Afri-
ca alone 150,000 were used for military
purposes, and they must have cost,
all not far from \$20,000,000—Cinci-
nati Commercial Tribune.
